## View Dates and Summary Listing of Revenue

There are two ways to view dates (or summary listing of revenue). You may view a date by "Calendar Date" where you enter in a calendar date and will be given all the date records for that calendar date.

The other way to view a date is to search by customer first name and last name. Enter a customer's first and last name to see all their dates.

### Find Dates

Search Options:-

**Search by Calendar Date**  
Date:

**Search by Customer**  
Customer First Name:  
  
Customer Last Name:

[Home](#)

## **View Highest Revenue Generators**

Clicking on "Customer Representative" will simply return the customer rep who has generated the highest revenue.

Clicking on "Customer" will simply return the customer who has generated the highest revenue.

## **View Most Active User**

Clicking on "View Most Active User" will simply return the users with the most recent date last active.

## **View Dated Users**

Clicking on "View Dated Users" will prompt the manager to enter the SSN of a customer, then it will return all the customer SSN and Names of those who dated the queried customer.

## **View Highest Rated Customer**

Clicking on "Customers" under View Highest Rated will return the top 5 users with the highest rate.

## **View Highest Rated Calendar Dates**

Clicking on "Calendar Dates" under View Highest rated will return the top 5 dates with the highest rate for a given calendar date that the manager must enter.

## **Backup DB**

Click on the "Backup Database" button. Enter the proper database credentials for the username and password to log into the database. Enter the name of the database you want to backup. Enter the desired name of the backup file. You DO NOT have to append a ".sql" to the end of the

name because the system will do that for you. Hit submit to generate your backed up database which will be located in the directory "~/

## Backup DB

**Please enter name of the backup file:**
